Saying goodbye to a beloved pet is never easy. When a person dies, there is often a network of family, friends and professionals to help loved ones with the painful process of grieving. When a pet dies, those left behind are often alone with their grief.

Making the Decision

While euthanasia is never an easy decision, it takes a great deal of strength and love to accept that a pet can no longer live with dignity and without pain. The Hawaiian Humane Society offers euthanasia and cremation with the option to have ashes returned.
